The Enneagram and Relationships Workshop

With Riso Hudson Authorized Teachers
~ Michael Naylor & Karen Van Zino

Saturday and Sunday May 18 & 19th, 9-5pm
Lunch Included

Relationships are one of the most rewarding as well as frustrating aspects of our existence. When our relationships are going well, be it with an intimate loved one or a workplace colleague, we thrive. We feel good about ourselves; we do well in our work; and we live in a flow of giving and receiving. Yet even in our most intimate relationships we may find the behaviors of others baffling and suffer frustration when others do not understand us. The **Enneagram** is a powerful map guiding us to a better understanding of both ourselves and others. By illuminating the core wants, fears, triggers, and habitual responses of an individual the **Enneagram** offers tools to enjoy more quality and satisfying relationships.

The workshop will employ teaching, interactive exercises, music and panels led by experienced teachers. **Michael** brings his experience as an Enneagram Institute Faculty, CTI Professional Coach, and Licensed Addiction Specialist; **Karen** her years as a practicing Primary Care Physician, Deep Coaching

Professional and author of the Enneagram and Poetry Anthology "Midnight's All A Glimmer - Poetry, Personality and the Power to See"

Note ~ You may receive future news and promotions from The Enneagram Institute® when you sign up. You may opt out at any time.)
